Quad/Disk for Windows

Quad/Disk is a file transfer option designed to send, receive, share and view your low or high-resolution files through Microsoft Internet Explorer. There is no need to compress files prior to sending them to Quad.

SENDING / RECEIVING YOUR FILES

Enter ftp://quaddisk.qg.com in the address field and press Enter.

Enter your Username or Password and click Log on

NOTE: if you don't know your Username or Password, please contact Quad ISR

Select Quad/Disk volume and click OK.

Double-click on the newly mounted Quad/Disk server on your desktop.

Navigate to the appropriate Quad/Imaging location folder and open it.

To send files to Quad, just drag and drop your files onto the Incoming folder

To pick up your files, double-click on the Outgoing folder and drag them to your desktop.

See how we can help.
